519 - 591 - 6284

## Attributes

### Team player

I play well with others, and easily transition into a leadership role.

### Passionate

I can explain to you why I love a product, and why you will love it as well.

### Tenacious

I am unrelenting in research until I am satisfied with my knowledge of a subject.

## Projects

### ninjaquote.com

Waterloo Facebook Hackathon 2012 Winner

Built a website in 24 hours to test one's knowledge of their friends using their past statuses.

Role: Layout of website components, graphics and visuals, and advertising.

### thinkfree.ly

Velocity Venture Fund 2012 Finalist

Co-founded a startup building a visual, collaborative tool for organising information.

Role: marketing research, graphics and presentation materials, networking.

### cake.velocitythegame.com

Personal group project

Built a website for residents to participate in an achievement-based game.

Role: responsible for designing all graphics within the website and print media.

### Hackers: the Game

Top Hat Monocle's First Hackathon, Second Place

Designed a simple goal-seeking game in under six hours.

Role: creating all the visuals within the game built by the other members of the team.

### Rube Goldberg Machine

New initiative launched by Waterloo Engineering Society 'A'

Designed and constructed a Rube Goldberg Machine to connect to others across the country.

Role: Managed the Waterloo team whilst working to meet local and global deadlines.

## Work Experience

### Société Générale de Surveillance

Hydrometallurgy Technologist

Fall 2011

Extracted metals and radioactive elements using strong acids and high temperature bakes.

### Environment Canada

Great Lakes Research Assistant

Winter 2011

Learned about human markers in water; please don't flush coffee and birth control down the drain.

University of Waterloo  
E-Communications and Marketing Associate

Summer 2010

Collaborated in planning events catered to prospective students.  
Regularly gave tours and was an information source for anyone interested in Waterloo Engineering.  
Upgraded the official Facebook page for recruitment purposes; membership and traffic increased 100-fold.  
Also produced visuals and reports to effectively and concisely convey needed information.

University of Waterloo  
Laboratory Teaching Assistant

2009-2010

Observed my students and corrected their laboratory and technical writing skills as needed.  
Held tutorials and one-on-one sessions to ensure my students understood the relevant theory behind the experiments.

Education

University of Waterloo

Candidate for Bachelor of Applied Science  
Honours Chemical Engineering, Mathematics Minor and Chemistry Option  
Velocity winter 2012 resident

Interests

Art and Design

I believe every object  
should serve a purpose,  
yet be pleasing to the eye.

Languages

I speak Korean moderately  
well. I have taken courses  
in French and Russian.

Rock Climbing

I enjoy my increased  
flexibility and the contrast  
with my fast-paced life.
